3 GRAMMAR about 15 min

Used to, be used to, get used to

used to + base verb
a past habit or state that is not true now
✔ I **used to** cook for my grandmother.
✘ I **didn't use to** cook.
? **Did** you **use to** cook? · What did you **use to** cook?

be used to + -ing
to be accustomed to something (now)
✔ I **am used to** sleeping late.
✘ I'**m not used to** sleeping late.
? **Are** you **used to** sleeping late?

get used to + -ing

✘ I **haven't got used to** the cold yet.

FORM	MEANING	AFTER "TO"	EXAMPLE
used to	I did it in the past, but not now	base verb	I used to play the guitar.
be used to	It is normal for me now	-ing	I'm used to playing every day.

Why -ing? In *be used to* and *get used to*, the word **to** is a preposition, and a preposition is followed by a noun or an **-ing** form. In *used to* (past habit), **to** belongs to the verb, so we use the base form.

Your paragraph

When I was a child, I used to live in a small town, and I used to play outside every afternoon. I didn't use to stay indoors, and I didn't use to worry about homework. Now I live in a big city and I'm used to working all day. At first, it was hard to get used to the traffic and the noise, but I got used to it. Actually, I miss those quiet afternoons. Last week I went out for a walk to relax, and I felt relieved. I'm thankful to my family for their support.
